Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. This is easy, fast and reliable filehosting! You don't need any kind of premiumaccounts. No account or credit card is required to get started. File is free to use with no gotchas and no hidden fees. Our service is completely free for everyone. So try our free and simple filehosting service now. If only we could, we surely would! On the other hand, using file can actually save you money.Unfortunately, we can't make that part free. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Justupload the file you want to share with your friends and we send you a download link to your file. filehosting provides an easy possibility for you to send largefiles to your friends. You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you can circumvent those limitswithout paying to upgrade your team chat service. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is beingtransferred between your computer or phone and our servers, then from our servers to your friends device. Any file in any format can be uploaded anddownloaded for free. Files can be downloaded from any computer from our high speed servers. You can give this download link to your friends by mail orinstant messenger. You decide who you want to share your files with. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventuallycosting you money in data storage fees.

The cost of that data transfer is covered by your internet service or the data plan on your phone. You don't need anyspecial software installed to be able to download your files. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, manyteam chat apps have limits to the size of files that can be transferred within their apps. When you use file, you avoid storing the file you're sending in yourcloud storage or mail server. Simply upload your file and share the link. We have no file size limit. Keep your files private, or send your download links only tofriends or family. It is also allowed to link to the download page from websites and communities.
