Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. The cost of that data transfer is covered by your internet service or the data plan on your phone. It is also allowed to link to the download page from websites and communities. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. We have no file size limit. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. There are no restrictions on the number of times a file can be downloaded. So try our free and simple filehosting service now. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You can give this download link to your

friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. Using file, you can circumvent those limits without paying to upgrade your team chat service. Keep your files private, or send your download links only to friends or family. filehosting provides an easy possibility for youto send large files to your friends. Just upload the file you want to share with your friends and we send you a download link to your file. Our service iscompletely free for everyone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You decide who you want to share with.

You don't need any special software installed to be able to download your files. Simply upload your file and share the link. You can upload any typeof file (movies, music, documents, images, zip files and more). Any file in any format can be uploaded and downloaded for free. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. No account or credit card is required to getstarted. If only we could, we surely would! On the other hand, using file can actually save you money. Files transferred the old-fashioned way tend to pile upand be forgotten about, eventually costing you money in data storage fees.
