You don't need any special software installed to be able to download your files. No account or credit card is required to get started. Any file in any format canbe uploaded and downloaded for free. Using file, you can circumvent those limits without paying to upgrade your team chat service. filehosting provides aneasy possibility for you to send large files to your friends. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You cangive this download link to your friends by mail or instant messenger. Just upload the file you want to share with your friends and we send you a download linkto your file. Our service is completely free for everyone. You decide who you want to share your files with. Your wallet will be none-the-lighter! Just so we'reall 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friendsdevice. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Alternatively you canchoose to share your download links on blogs, forums and social networking sites. We have no file size limit. File is free to use with no gotchas and no hiddenfees. So try our free and simple filehosting service now. It is also allowed to link to the download page from websites and communities. Unfortunately, we can'tmake that part free. You can upload any type of file (movies, music, documents, images, zip files and more). There are no restrictions on the number of times afile can be downloaded. Simply upload your file and share the link. The cost of that data transfer is covered by your internet service or the data plan on yourphone. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that canbe transferred within their apps. Keep your files private, or send your download links only to friends or family. Files can be downloaded fro
