Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. Alternatively you can choose to share your downloadlinks on blogs, forums and social networking sites. There are no restrictions on the number of times a file can be downloaded. Your wallet will be none-the-lighter!

Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your friends device. You decide who you want to share your files with. This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that partfree. File is free to use with no gotchas and no hidden fees. filehosting provides an easy possibility for you to send large files to your friends. Why pay storagefees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. We have no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. Our service is completely freefor everyone. You can upload any type of file (movies, music, documents, images, zip files and more). If only we could, we surely would! On the other hand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. No account or credit card is required to getstarted. Keep your files private, or send your download links only to friends or family. It is also allowed to link to the download page from websites andcommunities. Simply upload your file and share the link. Using file, you can circumvent those limits without paying to upgrade your team chat service. So tryour free and simple filehosting service now. Any file in any format can be uploaded and downloaded for free. You don't need any special software installed tobe able to download your files. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashioned way tend topile up and be forgotten about, avantually acting upmore in data targe forget.

eventually costing you money in data storage fees.
