Simply upload your file and share the link. Alternatively you can choose to share your download links on blogs, forums and social networking sites. There are no restrictions on the number of times a file can be downloaded. Unfortunately, we can't make that part free. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. No account or creditcard is required to get started. Our service is completely free for everyone. filehosting provides an easy possibility for you to send large files to your friends. You decide who you want to share your files with. If only we could, we surely would! On the other hand, using file can actually save you money. So try ourfree and simple filehosting service now. Just upload the file you want to share with your friends and we send you a download link to your file. The cost of thatdata transfer is covered by your internet service or the data plan on your phone. File is free to use with no gotchas and no hidden fees. When you use file, youavoid storing the file you're sending in your cloud storage or mail server. Keep your files private, or send your download links only to friends or family. Usingfile, you can circumvent those limits without paying to upgrade your team chat service. It is also allowed to link to the download page from websites and communities. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Files can be downloaded from any computer from our high speed servers. Files transferredthe old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. We have no file size limit. You can give thisdownload link to your friends by mail or instant messenger. Any file in any format can be uploaded and downloaded for free. You don't need any
